CERTIFICATION RoHS and REACH-SVHC

This is to certify that none of the O-Rings, O-Ring Cord or Seals supplied by The O-Ring Store, LLC contain any hazardous material required by "Substance of Very High Concern" within compounding process and any other processes.

Every O-Ring sold by The O-Ring Store, LLC is compliant to all of the requirements spelled out in any of the following documents as of December 23, 2015.

ROHS December , 2015

REACH SVHC as listed on candidate list that was current of effective date December 17, 2015.

We also certify that to the best of our knowledge these O-Rings do not contain any chemicals cited under California Prop 65.

Any additional documentation required will be subject to the following charges:

Manufacture Factory RoHS – REACH Report - \$100.00 per line item.

Manufacture Material Certification - \$100.00 per line item.

Manufacture Certificate of Conformance \$50.00 per line item.

Standard Certificate of Conformance – \$10.00 per line item, waived for lines over \$5.00.

We appreciate your business and look forward to working with you on a long-term basis. Satisfied customers are our best advertisement, so I encourage you to give us feedback on how we're doing.
