## 2024 REACH/ROHS/PFAS/TSCA/PROPOSITION 65 COMPLIANCE STATEMENT

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is a European Union Commission (EUC) Regulation on chemicals and their safe use.

REACH establishes specific duties and obligations on a business in the European Union (EU) which manufactures or imports a substance or article that includes a “substance of very high concern” (SVHC) in concentrations of more than 0.1% w/w. A substance which is listed on the “Authorization List” published by the European Chemicals Agency (ECHA) (Annex XIV of the REACH regulations) cannot be manufactured or imported in the EU after a fixed date unless the ECHA authorizes the use of the substance for a specific use or uses. As of January 17, 2023 there were 240 substances on the SVHC list and 71 substances on the Authorization List.

The O-Ring Store LLC represents that all rubber products are in conformance with the following:

(1) its products do not currently contain substances listed on the Candidate List of Substances of Very High Concern or the Authorisation List, both as published by the ECHA on its website on the date of this statement, in excess of the applicable legal thresholds; and

(2) all substances contained in its products are currently in substantial compliance with the current conditions and restrictions of Annex XVII of the REACH regulations.

**Exceptions: The O-Ring Store LLC is submitting the following statement for full disclosure:**

- Some EPDM compounds molded prior to 02/10/2014 will contain CAS# 96-45-7 Ethylene Thiourea which is considered reportable.
- All other compounds do not contain any elements noted as Substances of Very High Concern (SVHC) candidate list dated 06/27/2018 as an active ingredient.

*(These products should not be exported to the European Union without the appropriate declarations)*

As REACH regulation is updated frequently, The O-Ring Store LLC reserves the right update or modify this REACH Compliance Statement should any changes occur in the composition of our products or the REACH regulations, including the addition of any substances to the SVHC Candidate List, the Authorisation List or Annex XVII of the REACH regulations.

Annex XIV: <https://echa.europa.eu/candidate-list-table>

Annex XVII: <https://echa.europa.eu/substances-restricted-under-reach>

## **2024 REACH/RoHS/PFAS/TSCA/PROPOSITION 65 COMPLIANCE STATEMENT**

All rubber compounds are compliant to RoHS 3 legislation (EU 2015/863) and RoHS Directive 2011/65/EU dated 22 July 2019 and do not contain any of the following as ingredients:

Lead (Pb)  
Mercury (Hg)  
Cadmium (Cd)  
Hexavalent Chromium  
Polybrominated Biphenyls (PBB)  
Polybrominated Diphenyl Ethers (PBDE)  
Bis(2-Ethylhexyl) phthalate (DEHP)  
Benzyl butyl phthalate (BBP)  
Dibutyl phthalate (DBP)  
Diisobutyl phthalate (DIBP)

Trace amounts of these element/molecules could theoretically be present in extremely low levels in any of our materials without our knowledge. The current threshold for reporting is 0.1% of total mass (0.01% for Cadmium) and the naturally-occurring trace amounts are well below this limit.

For information regarding a specific product or compound, please reach out to us at [qc@theoringstore.com](mailto:qc@theoringstore.com).

## **2024 REACH/ROHS/PFAS/TSCA/PROPOSITION 65 COMPLIANCE STATEMENT**

A broad family of thousands of substances are categorized as PFAS, including fluorinated polymers (FKM, FFKM, FVMQ & PTFE). These substances have a range of risk to humans, but many are considered low/no risk. Currently, international regulatory bodies including the EPA and EU are working to identify and classify which substances are safe and which pose health risks. As specific substances are identified as health risks, The O-Ring Store LLC will work to eliminate or certify their absence through compliance to the regulatory specifications listed below.

Standard O-Ring Store Compounds includes:

N100-70 \* V700-75 \* E300-70\*

N168-70 \* V708-75 \* S500-70

N140-90 \* V768-75 \*

## 2024 REACH/RoHS/PFAS/TSCA/PROPOSITION 65 COMPLIANCE STATEMENT

January 11, 2024

### Declaration - Compliance with California Proposition 65

California's Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986, requires suppliers to communicate information about chemicals known to cause cancer, birth defects or reproductive harm. The current list of Proposition 65 Substances can be found at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

A review was conducted of the rubber compounds used to make the parts sold by The O-Ring Store LLC. All O-Ring compounds were reviewed. None of the compound ingredients exceed the designated "safe harbor levels" set forth by California OEHHA (The Office of Environmental Health Hazard Assessment).

Regards,

---

## 2024 REACH/ROHS/PFAS/TSCA/PROPOSITION 65 COMPLIANCE STATEMENT

### EPA Toxic Substances Control Act (TSCA) Section 6(h)

All of the standard compounds (as listed below) supplied by The O-Ring Store LLC do not contain the following prohibited substances:

- Decabromodiphenyl ether (DecaBDE)
- Phenol, isopropylated phosphate (3:1) (PIP 3:1)
- 2,4,6-Tris(tert-butyl) phenol (2,4,6-TTBP)
- Hexachlorobutadiene (HCBD)
- Pentachlorothiophenol (PCTP)
